

## COMMUNITY HOUSE NEEDS BROUGHT OUT

Commissioners Meet With Commit-  
tee of Fifteen to Discuss Plans  
For The Project

### ADVANTAGES ARE EXPLAINED

Need of County Library Shown Be-  
cause City Library Has Been  
Serving County 10 Years

The advisability of going ahead with plans for the construction of a county community building as a war memorial was discussed Thursday night by the committee of fifteen, representative of the whole county, with the county board of commissioners, which has adopted a declaratory resolution expressing its intention of constructing a building.

The committee of fifteen, which included a representative of each township, the Rush County Farm Bureau, the Rushville library and the Rushville Boosters Club, was called in by the commissioners to get some idea of the sentiment throughout the county regarding such a building and to get suggestions about what such a building should contain.

The predominating sentiment favored an auditorium ample enough to accommodate a large crowd for public meetings, agricultural and industrial shows; a commodious library to serve the whole county, which could be used each day except Sunday, until at least ten o'clock at night, and quarters for the county agent, which would be large enough to take care of the needs of the agricultural interests of the county.

Miss Mary Sleeth, Rushville librarian, brought out the fact that the Rushville city library had been cheerfully and willingly serving the whole county for ten years past, but that the library patronage had reached such large proportions that it would have to be placed on a county basis, or the townships outside of Rushville shut off from using it.

Miss Sleeth pointed out that 52,000 books were loaned by the Rushville library last year and that one-third of them went out of Rushville. One Saturday last year, she said, the library loaned a book for every minute the library was open, and nearly all of them were taken by people living outside the county seat.

The librarian stated that two years ago Rushville township levied a small tax to help support the library and that this year nine townships have levied a small tax to be paid to the Rushville library for a circulating library service, which is used in the schools and has saved the townships money, because they formerly had to buy the books used in the school libraries.

Some representatives who came to the meeting opposed to the project frankly admitted that they did not know the facts, or their attitude would have been different, and it was agreed the advantages to be obtained from a community building throughout the county should be presented to the people, so that they would understand its worth.

It was pointed out by several that a community building would be of vastly greater service to the people of the county outside the city, than it would be to the people of the county seat, because of providing plenty of space for the agricultural interests, more room and better quarters for a library and rooms for the convenience of residents of the county when they came to Rushville.

It was shown that when Rush county people come to Rushville in the evening, there is no place where they can spend a few minutes or a few hours; there is no public place where young people can go; the library is not open because it can't be heated without heating the whole court house; there is no auditorium to accommodate county wide meetings; no place for the convenience of travelers, who would leave Rush county with a better impression of the community if one were provided; no suitable quarters for the county agent and farm bureau committee meetings, and no rest rooms for women and children.

The idea was expressed that a community building would be a step.

## MOTORISTS ARE RUNNING RISK

No Leniency Will Be Shown  
Light Law Violations

A survey of the business district of Rushville Thursday night showed that very few motorists had taken seriously the announcement made recently that arrests would be made when automobile tail lights were not lighted after dark.

It has been about ten days since a state motor policeman was in Rushville and said that he might "drop in" any time and he advised motorists to comply with the state law, declaring that no leniency would be shown after notice had been given that the law would be enforced.

Frederick E. Schortemeier, secretary of state, has ordered the strict enforcement of the law.

## HEARING LIKELY TO BE POSTPONED

Murder Trial May Delay Arguments  
on Motion to Release Stephenson  
and Two Others on Bail

### TO GO OVER UNTIL TUESDAY

Mrs. Matilda Oberholtzer, Mother of  
Dead Girl, Will Be Back in Time  
to Testify

(By United Press)

Indianapolis Ind., April 24—Postponement until next Tuesday of the hearing on a motion to release D. C. Stephenson, Earl Klenck and Earl Gentry on bail pending their trial for the death of Miss Madge Oberholtzer, appeared certain today.

The hearing was scheduled to be called Monday morning but delay in the trial of Lewis Owen, world war veteran charged with murder, may cause postponement of the bail hearing.

Judge Collins after a conference with Prosecutor Remy on the progress of the Owen trial, said the Stephenson bail hearing probably will be called Tuesday morning.

Mrs. Matilda Oberholtzer, mother of the dead girl, will be back in Indianapolis in time to testify at the hearing, members of her family said.

Mrs. Oberholtzer suffered a nervous breakdown after the funeral of her daughter and left the city to rest. Her condition is greatly improved, it was stated.

Possibility of the city of Indianapolis giving official aid to the prosecution loomed today.

Joseph Hogue, city comptroller, was investigating the legality of an appropriation by the city council to assist Prosecutor William Remy of Marion county in the fight to convict Stephenson and his two aids, Earl Klenck and Earl Gentry.

Recommendation that the city appropriate at least \$500 for the prosecution fund was made at the council meeting last night by Ben Thompson, council president.

The proposal was referred to Hogue for investigation.

"The city of Indianapolis is under a shadow until justice has been done in the Oberholtzer case," Thompson said.

"Witnesses at the coroner's inquest testified Miss Oberholtzer told them Stephenson had said he wasn't afraid of prosecution because his word was law in Indiana. That is a challenge to all law enforcement agencies that cannot go unnoticed."

Already a fund is being raised to aid the prosecution among citizens of Irvington, where Miss Oberholtzer lived.

Prosecution and defense attorneys today continued the task of carefully building up their arguments for the bail hearing in criminal court here next Monday.

### ATTENTION EAGLES

There will be a special meeting at the Eagles hall Sunday morning at 10:30 o'clock, it was announced today by V. J. Jones, president, and Guy Mulbarger, secretary. Business of importance will come up and all members are urged to be present.

### ROYAL ARCH DEGREE

Rush chapter No. 24 will hold a called meeting at the Masonic Temple Monday evening at seven-thirty o'clock and there will be work in the Royal Arch degree.

## YOU CAN'T KEEP A GOOD BIRD DOWN

## "THE NEW COED" SEATS GO ON SALE SATURDAY

Second Senior Class Play of the  
Year Will Be Presented Thursday  
and Friday Nights

### COMEDY OF COLLEGE LIFE

Seats for "The New Coed", second Rushville high school senior play of the year, which will be staged April 30 and May 1 at the Graham Annex, go on reserve Saturday morning at nine o'clock at the Pitman and Wilson drug store. Tickets are now selling in the hands of the seniors or reserve seats can be bought at Pitman and Wilson's.

The "New Coed" is a comedy of college life, a French royalty play in four acts. About thirty-five seniors will take part. Those having speaking parts are Miriam Hinckman, Louise Pitman, Elizabeth Spanagel, Edith Clare Walden, Della Rea, Christina Behout, Helen Locke, Burke Dugle, Donald Dean, Marland Alexander and Robert Newbold.

An ensemble group of twenty-five students will appear in Acts 2 and 3.

## AIRPLANE, MACHINE GUN ARE USED IN RUM BATTLE

One of Twelve Bootleggers Wounded,  
But All Escape. And Two  
Boats are Sunk at Atlantic City

### 167 CASES OF LIQUOR SEIZED

Atlantic City, N. J., April 24—A spectacular battle between twelve rum runners and prohibition agents in which an airplane and machine gun were used occurred in the bay end of Union Avenue, Margate City today.

One member of the rum gang was wounded and two small boats which had been used in landing liquor were sunk during the clash.

A total of 167 cases of liquor were seized. All twelve of the rum runners escaped, the victim of the machine gun bullets being carried by his companions.

Coast guardsmen, six miles away notified dry naval officials that two rum boats were unloading liquor at the Union avenue pier. Jumping into an airplane the six officers sped to the scene. They watched the unloading of the liquor and when it had been placed aboard motor trucks attempted to capture the men.

### "Buzzard" Proves to be Eagle: Given to Lodge

Bert Osborne, living south of Rushville, saw an unusually large buzzard in his chicken pen Thursday, and after he had killed it, the buzzard turned out to be an eagle, with a spread of 6 or 7 feet. He brought the eagle to this city, and it was displayed before the Eagles lodge at their meeting last night, and an effort will be made to have it mounted and used in the Eagle home.

The bird was a bald eagle, with the head being completely bare. Some are of the opinion that the eagle was carried into this section of the state by the recent tornado from the southwest, because of the rarity of the bird in this part of Indiana.

## STORMS EXPECTED TO BREAK THE HEAT WAVE

Thunder Showers Predicted for To-  
night Likely to Bring Drop in  
Record Temperature

### HIGHEST IN HALF CENTURY

Indianapolis, Ind., April 24—Thunderstorms late today and tonight are expected to break the heat wave throughout Indiana which carried temperatures to the highest point for April weather in more than half a century.

With a temperature of 85 degrees at noon today, indications were that a new heat record for April weather in Indianapolis this afternoon will replace the mark of 88 degrees set yesterday. Weather prophets searching through old records today found that 88 degrees had never been reached in Indianapolis before May 4.

The thermometer at the local weather bureau reached 88 degrees at 3 o'clock yesterday afternoon and hovered there for an hour.

Goshen reported 90 degrees. Temperatures in other cities ranged from 84 to 86. No heat prostrations were reported.

Throughout the day the temperature was 23 degrees above the average for this time of year. It was the hottest test April day since 1871, the weather bureau announced.

Today brought little relief from the hot wave that is sweeping this area, as 89 degrees was registered in Rush county at two o'clock this

## WASHINGTON TOWNSHIP FARMER DIES OF CANCER

John Crayton, 65, Expires Thursday  
Night at Home of Daughter, Mrs.  
Harold Reeves

### FUNERAL TO BE AT RALEIGH

John Crayton, a well known farmer of Washington township, who has lived all of his life in the vicinity of Raleigh, died Thursday evening at eight o'clock at the home of his daughter, Mrs. Harold Reeves, 726 North Morgan street.

The deceased was 65 years of age, and because of failing health he recently came here to reside with his daughter. Death was due to cancer.

He was a member of the Raleigh Christian church and was also a member of Snow Lodge, F & A. M. of Raleigh. He is survived by the widow and four children, Mrs. Reeves at whose home he died, Mrs. G. Lin Gehring of Kokomo, Glen Crayton and John Crayton, Jr., both of Chicago.

Funeral services will be held Saturday afternoon at two o'clock, at the Raleigh Christian church in charge of the Masonic lodge and the Rev. G. F. Powers, with burial in the Raleigh cemetery. The cortege will leave the residence here at one o'clock.

### MAY KNOW FATE BY TONIGHT

(By United Press)

Great Falls, Mont., April 24—A charge that the government had introduced perjured testimony against Senator Wheeler was made by J. F. O'Leary, defense counsel in argument to the jury, which is trying the Montana senator on a charge of misuse of his office.

"I am surprised that the prosecutor did not display his proper loyalty to his United States senator instead of trying to convict him on a ridiculous charge of giving testimony of perjury," O'Leary said.

Senator Wheeler may know his fate before night. Final arguments of attorneys for the defense and

## TWO VACANCIES ARE FILLED

C. M. Brown of Richmond and Jesse  
Murdan Elected Committeemen

Indianapolis, Ind., April 24—Two vacancies in the Republican state committee were filled today following a meeting of the committee with Clyde A. Walb, state chairman, yesterday.

Clarence Brown, Richmond, was named sixth district chairman to succeed the late George Elliott, of Newcastle.

Jesse Murden, Peru, was chosen successor to Hurd Hurst, of Peru, as eleventh district chairman. Hurst resigned to become judge of the Miami circuit court.

## WHOLESALESTERS TO MAKE STOP HERE

Cincinnati Business Men Will Spend  
45 Minutes Here Next Friday on  
Good Will Tour

### GREETINGS TO BE EXTENDED

Entertainment Features Will be  
Provided During Short Program,  
Including a Band

Wholesalest, manufacturers and bankers of Cincinnati will visit Rushville next Friday morning while on a swing through this section of Indiana on a good will tour.

They will arrive here at 10 a. m. from Shelbyville on a Pennsylvania special train and will leave at 10:45 over the C. I. & W. for Connersville.

Greetings will be exchanged by the Rushville Boosters club and the Cincinnati visitors and entertainment features which will be carried along, will be provided at the brief informal meeting to be held on the court house steps.

A committee of Rushville citizens will be appointed to meet the special and will escort the visitors to the court house. Following the program, they will board the special at the Main street crossing of the C. I. & W.

G. W. Breiel of the Cincinnati Chamber of Commerce was here today making arrangements for the stop in Rushville.

This is the fourth good will tour undertaken by Cincinnati wholesalest and manufacturers under the auspices of the Cincinnati Chamber of Commerce during the past three years. Heretofore the tours were by rail through the Appalachian Region and the South and by boat up the Ohio River. This is the first tour undertaken by Cincinnatians in many years in the territory north of the Ohio river, and the State of Indiana was selected for the reason that Cincinnati concerns have for so many years maintained such pleasant business relations in the Indiana cities included on the good will itinerary.

The Cincinnati party will travel in a special train of nine cars including modern steel pullmans and two dining cars. The party will be accompanied by one of Cincinnati's renowned military bands, and in addition the Cincinnati Zoological Gardens are sending several representatives from its menagerie including "Balaam", the miniature donkey from India. He is reputed to be the smallest donkey in captivity, is three years old and only thirty inches high. He weighs 115 pounds. Balaam is an extremely rare specimen and attracts much attention from all those who visit the Cincinnati Zoo. He is quite gentle, and while too small to be ridden makes up the absence of utility by a large deep voice. He becomes a great pet of all the children who see him.

Members of the party will be stocked with souvenirs and candy to be distributed among children with whom they come in contact throughout the territory.

The good will party will among other interesting features include in its party vocalists from the Cincinnati College of Music and Conservatory of Music, two of Cincinnati's leading musical educational institutions, Cincinnatians, the old Roman warrior, after whom the City of Cincinnati was named, will be impersonated in Roman toga and sandals by Horace Williamson, well known Cincinnati entertainer and producer of revues.

## FILES A SUIT TO COLLECT \$400,000

St. Louis Union Trust Co., Brings  
Action Against American Paper  
Products Co., on Mortgage

### REORGANIZATION DELAYED

Plan Ready for Agreement of all  
Parties Recently Held up by  
Objections of One Creditor

A complaint seeking to foreclose a \$400,000 mortgage was filed today in the circuit court by the St. Louis Union Trust company against the American Paper Products Company of Carthage, which is now in a receivership pending court action.

The two receivers, Ley P. Rexford of St. Louis and John A. Tittsworth of this city, were also named defendants to the action.

The complaint alleges that the banking firm, represented by the plaintiff is trustee in a certain mortgage deed of trust executed on June 1, 1922, and now held by various persons holding the bonds. The amount of the indebtedness as alleged to be involved in the trust, is \$400,000, and the complaint is seeking the foreclosure of the mortgage in order to satisfy the debt.

The affairs of the Carthage concern are involved in the Federal court of Missouri and also the local circuit court, with an attempt being made to reorganize the capital and continue the plant in operation.

A plan to reorganize was prepared recently and was agreeable to all parties concerned, it was stated, when objections were filed by one of the creditors. The hearing was delayed on this petition in the Federal court, and also in the local court, and no definite action has yet been taken. It is not known just what affect the suit filed today may have on the outcome of the proposed plan.

Judge Sparks this morning heard a divorce suit in court in which Ruth M. Sefton was plaintiff and Charles R. Sefton, defendant.

Mr. Sefton did not appear and after hearing the evidence of the plaintiff, the court granted a divorce upon payment of costs. Her former name of Ruth M. Moore was restored, and she was allowed \$25 for attorney fees in the case, against the defendant.

## WEEK OF COMMENCEMENTS COMES TO AN END TONIGHT

Last of Closing Exercises, With  
Exception of Carthage High  
School, to be Held at Manilla

### DR. ROBERT J. ALEY TO SPEAK

With the commencement exercises being held tonight at Manilla, a most successful week of graduations in Rush county closes, and only a few more schools remain open until the exercises will bring the present school term to an end.

At Manilla tonight there will be 19 Seniors receiving diplomas, and the address will be delivered by Dr. Robert J. Aley, president of Butler college.

Commencements were held at Raleigh and Milroy Thursday night, with New Salem on Wednesday, Arlington on Tuesday and Moscow on Monday, thus filling a week with many school activities.

The Richland township eighth year commencement has been decided upon for April 30 and the Rev. Gibson Wilson of this city will be the speaker.

The Carthage commencement will be held May 8 and Col. Everson of Muncie will deliver the address.

Music for the Raleigh commencement was provided by the school orchestra and there was a violin solo by Mr. Campbell and a violin duet by Mr. Campbell and Miss Janet Dean, a teacher in the school. The address was delivered by the Rev. William H. Wylie of Vincennes, formerly pastor of St. Paul's Methodist Episcopal church of Rushville. The class history was read by Frances Smith and the invocation and benediction pronounced by the Rev. Victor E. Stone. The diplomas were presented by A. B. Seales, principal.

## MINE FIRE TRAPS FOURTEEN

Men are Believed to be Safe at 2,000 Foot Level

Wallace, Idaho, April 24—Fourteen men trapped in a fire in a lead and silver mine at Burke, fourteen miles north of here, were today believed by mine officials to be safe.

Communications have not been established with them up to a late hour this morning but the fact that an air pump was kept running sufficient to provide a strong draft gave basis to the belief.

The entrapped miners were believed to be in a draft at the two thousand foot level.

The fire broke out Thursday night when timber in a shaft caught fire supposedly from faulty or broken wiring. There were thirty miners in there working at the time. All but fourteen managed to escape.

prosecution of the trial of the former leader of the Washington scandals investigations, were begun with the opening of court this morning.

John L. Slattery, prosecuting attorney, demanded that Wheeler be found guilty of illegally agreeing to appear before the interior department in behalf of Gordon Campbell, his Montana oil client. Slattery contended that the prosecution has established its case by testimony of witnesses who told the jury they had heard Wheeler say he would "fix things up" in Washington.

The First and the Last—I am the first, and I am the last; and besides me there is no God. Is there a God besides me? Yes, there is no God. I know not any. Isaiah 44: 6, 8.

Prayer:—Lord, we believe that Thou hast created all things, and that in Thee all things exist, and we worship and adore Thee as the One True and Living God, beside Whom there is none else.

## Business is Good, Thank You

It is rare to find a man in business of any sort who will tell you that business is good, yet it is good, if a survey of business and industry taken by the National Association of Manufacturers is any criterion.

The summary, based on 10,000 answers to questionnaires, shows that consumers' prices are lower, price variations are less severe than a year ago, stability has supplanted hysteria and indecision, employment is on the increase for the summer, wages are high with no indication of wide reductions, production is at a healthy flow and business is at a higher volume.

Good is a relative term in any case, and especially when applied to business. What some men regard as good may be poor or indifferent to others.

There is plenty of reason for encouragement because of these reports. Business has to be good before men engaged in trade will admit it.

Prospects are especially bright in Rushville because of the large amount of building which will take place here this summer. Where men are employed, such as they will be on several major construction projects in Rushville, there is certain to be a stimulus to retail trade that will be felt in all local trade channels.

## Airfords

It may not be so many years until every well equipped American household will have its "Airford" so that the family can travel in a straight line on a joy ride instead of being bothered with annoying detours.

Then there will be a clear and unobstructed view of the landscape, with no billboards or other distractions that so ruffle the temper of the motorist.

## FOUL BREATH, SOUR STOMACH AND GAS RELIEVED BY TAKING DI-JO. DIET HELPS TO RELIEVE

Have't you seen people after a heavy meal trying to repress the gas that arises from a stomach that can't digest the food. Gas is a warning that all is not right with the stomach. It forms from the undigested food in the stomach because the gastric juices can't take care of it. It makes a garbage can of your stomach. The breath becomes bad, the stomach soars, and taking it all in all it is not only unpleasant, but running over a course of weeks and months it becomes decidedly dangerous.

Di-Jo ordinarily removes that condition. If taken after a meal it will help to digest the food, prevent the stomach from becoming sour, will eliminate the gas, and will sweeten the breath. It is a simple yet effective remedy. It goes right

The dream of Darius Green and his flying machine fell far short of what the Fords expect to accomplish.

They will be "family" cars in the sense of the word that the Ford is today. They will be all metal, will have a wing spread of sixty feet, a fuselage of forty-eight feet, but their total weight is less than that of a sedan automobile.

The capacity, or as it is technically phrased "useful load," is 2,000 pounds and there will be room for eight or ten passengers, in addition to the pilot's seat.

It is the avowed intention of the "diver king of the air" to produce these machines ultimately at the low figure made possible by quantity production.

Ford now builds an automobile every eight minutes, and who is there to challenge that he can't build monoplanes the same way.

Twenty years ago the man who dared to predict that automobiles would dot the country's highways as they do today, was ridiculed as a dreamer.

Today he is the richest man in America if not in the United States.

Not all dreams come true, but this one did. And who makes bold to say that in two more decades every community will not have its landing fields?

## SAFETY SAM

to the seat of the trouble and eliminates it.

The ordinary causes of stomach trouble are either overeating or eating the wrong kind of food. You can of course continue to eat the wrong kind of food and you can continue to overeat if you want to take Di-Jo all your life, but a better way is, after Di-Jo has relieved you to vary your diet with plenty of fresh vegetables and fruit, and go light on the rich heavy foods. Bran bread, wholesome cereals, fresh vegetables, fruit and plenty of water, will right your stomach and it might do it in time if you never took medicine. But if you want to get right back on the road to health, start with Di-Jo and if the bowels are lazy take Di-Vac. Your druggist has both Di-Jo and Di-Vac.

## Stewart's Washington Letter

BY CHARLES P. STEWART  
NEA Service Writer

WASHINGTON—War games, like the one at Hawaii, are dandy practice. But experts agree they don't prove anything. The conditions aren't war conditions and can't be made so.

If the "blue fleet" captures the Sandwich Islands, it won't prove such a fleet really can capture them. If the "blue fleet" fails, it won't prove the islands are invulnerable. Honest—to goodness shooting has to be done, if anything actually is to be demonstrated. This won't do in a war game.

FOR years the French army annually repulsed a German invasion at the Gallic war games. For years the German

army whaled the tar out of all (imaginary) comers at the Kaiser's annual war games. For years the English fleet annually destroyed the enemy in a North Sea engagement—not a bit like the Jutland battle.

SOME years ago an American fleet—theoretically a hostile one—theoretically attacked northern Long Island, to see if it could be theoretically captured. It couldn't—so the referee decided. Early in the theoretical fight the shore defenders theoretically

sank all the enemy warships. But they kept on coming. "Hey!" signaled the shore force, "you're theoretically sunk." "The heck we are!" signaled back the fleet commander, getting landing parties over the side. Thus, after being completely wiped out, the invaders captured the island.

THIS may seem funny, but in real warfare it's exactly what's liable to happen. Destroying an enemy "theoretically" isn't quite sufficient. Of course in these Long Island maneuvers, the referee's decision finally stood, but in wartime it wouldn't. Sure enough fighting is different from moving pieces on a chess board.

So whatever the outcome of the Hawaiian war game may be, it doesn't do to take it too seriously.

PREDICTIONS that present immigration restrictions eventually will retard the wheels of industry, for lack of hands to keep them turning, don't worry the Labor Department. Some officials do see a possibility of a shortage in manual workers, but if it comes, they say it will mean wages so high that many in the "white-collar" ranks, which are overcrowded, inevitably will be

tempted beyond resistance to exchange their attire for overalls. Which officials think will be a fine thing for the country.

FIFTEEN YEARS  
AGO TODAY

From Daily Republican  
Monday, April 25, 1910

Articles of incorporation for the Scott-Madden Iron Works Company have been filed with the secretary of State.

An accident, that had the earmarks of one that would end seriously, happened yesterday when the large five passenger touring car, driven by Walter Duke, and motorcycle, ridden by James Foley, collided at the corner of Main and Second street. Mr. Foley was thrown from his machine but escaped uninjured.

Miss Violet Vandivier, the young daughter of Mr. and Mrs. J. F. Vandivier of Glenwood was badly scalded yesterday afternoon when she pulled a dishpan full of hot water off on her head.

That Dan Cupid has been throwing his piercing darts broadcast in the ranks of the teachers in the public schools at Manila this year is attested by the fact that two of the teachers in the schools there have entered the ranks of newlyweds. Saturday morning the announcement of the marriage of Miss Iva Burns to Raymond D. Strode was made public for the first time.

Mrs. George Schmidt, Mrs. J. Schmidt and Mrs. Elliott of Indianapolis were the guests of Mr. and Mrs. G. H. Stallman in East Seventh street over Sunday.

Miss Lois Charles of Connersville was the guest of Mr. and Mrs. Leonard Clark in North Morgan street over Sunday.

William and John Higgs were in Clarksburg yesterday for the dedication of the new Odd Fellows building there.

Miss Edna Pfafflin of Connersville, Miss Julia Swayne and Carl Keppler and H. E. Bulla of Richmond composed an automobile party which visited here yesterday evening.

The Misses Alta Miller and Marie Schneider of Fountaintown were the guests of the Misses Mabel and Maude Smith in North Sexton street over Sunday.

Miss Florence B. Hunt, editor of the Carthage Citizen, was here today the guest of friends.

Miss Bertha Monjar returned this morning from Shelbyville where she has been the guest of Miss Belle Harrison for a few days.

Thirty ladies of the First Presbyterian church spent Saturday evening with Mrs. J. P. Cowling at the parsonage.

Miss Helen Monjar, who underwent a slight operation at the Sexton hospital several days ago, is considerably improved and was removed to her home in West Second street today.

## Rheumatism

"Yes! it's all gone."

DO NOT close your eyes and think that health, free motion and strength are gone from you forever! It is not so. You can get rid of your rheumatism by building up your blood power. It is a fact that rheumatism means "blood poverty." It is a fact with the increase of red cells in your blood, impurities are destroyed. It is a fact that S.S.S. will help Nature build these red-blood-cells! S.S.S. is one of the most powerful blood cleansers in existence. Its results in thousands of rheumatic cases have been nothing short of amazing! The medicinal ingredients of S.S.S. are purely vegetable. This is very important to remember! What can be more inspiring, more wonderful than to see the shackles of pain released from your struggling body, swellings, lingering pains, stiffness of joints and muscles all disappear; your stomach made strong; your face pink with the old sweetheart glow, your blood enriched and your cheeks more plump as they used to be. You can do it! Take S.S.S., the great destroyer of rheumatic impurities.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.  
S.S.S. Makes You Feel Like Yourself Again.

# Use Red Crown

## The High-Grade Gasoline for Power

Red Crown Gasoline demonstrates its worth preëminently when only a steady, tugging pull will bring your car through—when a lapse of power, no matter how brief, means you must send for a tow.

But, there are no lapses of power in Red Crown for it has a perfect, unbroken, chain of boiling point fractions. From the initial fraction to the heavy ends of the chain, Red Crown imparts a steady steam-engine-like pressure on the piston, producing a steady rhythmic flow of sustained pulling power—tremendous power.

Fill your tank with Red Crown and you are ready for any stretch that an automobile can go through or over.

Miss Donnan's class in Literature will meet at the court house assembly room Saturday afternoon at 2:45 o'clock.

The Monday Circle will meet Monday afternoon at the home of Mrs. J. E. Churchill, in North Morgan street, instead of with Mrs. Green as formerly announced.

The Rushville Delphian Society will hold a meeting this evening at the social club rooms, the program to begin at 7:45 p. m. This will be a guest meeting and Mrs. Demarehus Brown of Indianapolis will speak.

The wedding of Miss Irene McIntyre, daughter of Mr. and Mrs. John S. McIntyre, to Clyde Tribbett of Anderson, will take place Sunday afternoon at four o'clock at the home of the bride's parents, 705 North Morgan street.

Larline Council, 296, degree of Pocahontas, will hold a called meeting on Monday night at 7:30 o'clock at the Red Men hall, and all members are requested to attend because of business of importance. Also all members of the degree staff are urged to meet at this time for practice.

Eighty couples were in attendance at the dance given Thursday evening at the Elks Dance Hall in East Second street. Heine's orchestra, a noted dance orchestra, furnished splendid music for the dancers, and a very pleasant evening was enjoyed by everyone present, including several out-of-town guests.

The regular stated meeting of the Rebekah lodge will be held in the I. O. O. F. hall tonight at eight o'clock. At 8:30 the April social committee has arranged an interesting program of musical selections and readings. Odd Fellows (Rebekahs) and their families are invited. Members are asked to bring pie and sandwiches.

The Woman's Relief Corps and Sons of Veterans auxiliary will present flags to the Fire Department to be used on the new pumpers, next Tuesday afternoon. The ceremony incident to the presentation will take place at the East Side of the court house at two o'clock. A short program has been arranged and the public is invited to be present.

Mrs. C. E. Walden and Mrs. George Hogsett of this city, and Miss Gleda Houghton of Connersville will give the program this evening at the Junior-Senior reception to be held at the Sandusky high school building. Mrs. Walden will sing. Mrs. Hogsett will be her accompanist and will give piano solos, and Miss Houghton will give readings and dances.

Mrs. Lou Gohring was a charming hostess Thursday evening when she entertained the members of the Industrial Club and Ladies of the G. A. R. with a miscellaneous shower honoring Mrs. Norm Conde, whose home and household goods were recently destroyed by fire. Many useful presents were given to Mrs. Conde by the members of the two clubs. Dainty refreshments were served at the close of the social evening.

### COMMUNITY HOUSE NEEDS BROUGHT OUT

Continued from Page One

ahead for Rush county and that no one wanted the county to slip behind; that there is a distinct need for one if anyone in doubt will stop to analyze the need; also, that on the general principle, everyone is opposed to increasing taxes, but that the taxes for such a building distributed over the county would be so small as to be negligible.

"We don't want a mausoleum, but a busy, bustling, thriving place that is in use all of the time," one member of the committee said.

Attention was also called to the fact that Rushville is going to build a gymnasium ample enough to meet the needs of its high school and that a community building could not in any sense of the word be regarded as a Rushville project because the people of the county would use it ten times where the people of Rushville would use it once.

### TO PLAN FOR MEMORIAL DAY

Attention was called today of the meeting of all patriotic organizations called for Saturday afternoon at 2:30 o'clock in the Grand Army room of the court house. Each organization is requested to have a representative present, so that plans for the annual observance of Memorial Day can be made.

### GOOD DISPOSITIONS INVALUABLE

You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. Mayr's Wonderful Remedy has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach is to try this remedy. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. **Notice to Creditors of The American Paper Products Company:**

You are hereby notified that the undersigned was by order dated April 22nd, 1925, of the United States District Court of the Eastern Division of the Eastern Judicial District of the State of Missouri, in the case of the St. Maurice Paper Products Company, Limited, Plaintiff, versus, American Paper Products Company, Defendant, cause No. 6842, In Equity, appointed Special Master in place of former Special Master Vital W. Garesche, who died on April 14th, 1925, and authorized and empowered to ascertain and report to the Court a list of all the creditors secured and unsecured, together with a statement showing the names and amounts of their respective claims. Said order further directed that said Special Master is authorized and directed and empowered to investigate, hear proof and report on all claims made and filed by said claimants, both as to correctness and validity of all such accounts, debts and claims, and also as to lien and priority, if any, thereof, and that all parties having such accounts, debts and claims file their claims on account thereof with said Special Master on or before May 12, 1925, at 10:00 A. M., and in default of the presentation of such claims on or before said date, the creditors will be debarred from participating in any dividend or distribution of any assets of said American Paper Products Company that may be made by the Receivers, and that public notice be given by said Special Master, by publication, once a week for two successive weeks in some paper of general circulation, published in each of the cities of St. Louis, Missouri, and Rushville, Indiana, of the time within which said accounts, debts and claims shall be filed and also give similar notice of the time and place in the city of St. Louis, Missouri, within which all said claimants will be given the opportunity to present and make proof, before said Special Master of the accounts of their respective claims and the lien and priority, if any, thereof, and to present their objections, if any, to the allowance of claims of other creditors presented to said Special Master, which said hearings the said Special Master may adjourn from time to time, and from place to place as in his discretion he may deem proper and necessary, and that all the solicitors or record in this cause, be informed of the time and place of any of said hearings, and for the taking of said account and the discovery of the matters aforesaid, all creditors, both secured and unsecured, being ordered to produce proof of their respective claims and submit to such examination in respect thereof as the said Special Master may direct.

Said Special Master was further directed to proceed under said order with all reasonable diligence and make and file his report of accounts, debts and claims, which have been filed and presented to him and that all solicitors of record in said cause, as well as solicitors of record of the parties presenting said accounts, debts and claims be notified by the Special Master, in writing, of the filing of said report, or reports, and that any of said parties desiring to make or reserve exceptions to said report, or reports, or any part thereof, shall be required to file same as required by law and the rules of said Court.

Said Special Master hereby gives notice in accordance with said order of April 22nd, 1925, that all claims of whatsoever kind or character, mentioned in said order, must be filed with him as Special Master in his office, Boatmen's Bank Building, St. Louis, Missouri, on or before May 12, 1925, at 10:00 A. M., and in default in the presentation of said claims, pursuant to said order, and this notice, the creditors will be debarred from participating in any dividends or distribution of any assets of said American Paper Products Company that may be made by the Receivers, and you are further hereby notified that all claimants will be given an opportunity to be present and make proof before said Special Master of the accounts of their respective claims and the lien and priority, if any, thereof, and to present their objections, if any, to the allowance of claims to other creditors presented to said Special Master on April 30, 1925 at 10:00 A. M., at the office of the said Special Master in the Boatmen's Bank Building, St. Louis, Missouri, and said Special Master will continue said hearings and adjourn the same from time to time, and from place to place, as he may deem proper or necessary, until all hearings are concluded. You are expressly warned, however, that no claims will be allowed to be filed af-

## COMMUNITY HOUSE NEEDS BROUGHT OUT

Commissioners Meet With Committee of Fifteen to Discuss Plans For The Project

### ADVANTAGES ARE EXPLAINED

Need of County Library Shown Because City Library Has Been Serving County 10 Years

The advisability of going ahead with plans for the construction of a county community building as a war memorial was discussed Thursday night by the committee of fifteen, representative of the whole county, with the county board of commissioners, which has adopted a declaratory resolution expressing its intention of constructing a building.

The committee of fifteen, which included a representative of each township, the Rush County Farm Bureau, the Rushville library and the Rushville Boosters Club, was called in by the commissioners to get some idea of the sentiment throughout the county regarding such a building and to get suggestions about what such a building should contain.

The predominant sentiment favored an auditorium ample enough to accommodate a large crowd for public meetings, agricultural and industrial shows; a commodious library to serve the whole county, which could be used each day except Sunday, until at least ten o'clock at night, and quarters for the county agent, which would be large enough to take care of the needs of the agricultural interests of the county.

Miss Mary Sleeth, Rushville librarian, brought out the fact that the Rushville city library had been cheerfully and willingly serving the whole county for ten years past, but that the library patronage had reached such large proportions that it would have to be placed on a county basis, or the townships outside of Rushville shut off from using it.

Miss Sleeth pointed out that 52,000 books were loaned by the Rushville library last year and that one-third of them went out of Rushville. One Saturday last year, she said, the library loaned a book for every minute the library was open, and nearly all of them were taken by people living outside the county seat.

The librarian stated that two years ago Rushville township levied a small tax to help support the library and that this year nine townships have levied a small tax to be paid to the Rushville library for a circulating library service, which is used in the schools and has saved the townships money, because they formerly had to buy the books used in the school libraries.

Some representatives who came to the meeting opposed to the project frankly admitted that they did not know the facts, or their attitude would have been different, and it was agreed the advantages to be obtained from a community building throughout the county should be presented to the people, so that they would understand its worth.

It was pointed out by several that a community building would be of vastly greater service to the people of the county outside the city, than it would be to the people of the county seat, because of providing plenty of space for the agricultural interests, more room and better quarters for a library and rooms for the convenience of residents of the county when they came to Rushville.

It was shown that when Rush county people come to Rushville in the evening, there is no place where they can spend a few minutes or a few hours; there is no public place where young people can go; the library is not open because it can't be heated without heating the whole court house; there is no auditorium to accommodate county wide meetings; no place for the convenience of travelers, who would leave Rush county with a better impression of the community if one were provided; no suitable quarters for the county agent and farm bureau committee meetings, and no rest rooms for women and children.

The idea was expressed that a community building would be a step

## MOTORISTS ARE RUNNING RISK

No Leniency Will Be Shown  
Light Law Violations

A survey of the business district of Rushville Thursday night showed that very few motorists had taken seriously the announcement made recently that arrests would be made when automobile tail lights were not lighted after dark.

It has been about ten days since a state motor policeman was in Rushville an d said that he might "drop in" any time, and he advised motorists to comply with the state law, declaring that no leniency would be shown after notice had been given that the law would be enforced.

Frederick E. Schortemeier, secretary of state, has ordered the strict enforcement of the law.

## HEARING LIKELY TO BE POSTPONED

Murder Trial May Delay Arguments on Motion to Release Stephenson and Two Others on Bail

### TO GO OVER UNTIL TUESDAY

Mrs. Matilda Oberholtzer, Mother of Dead Girl, Will Be Back in Time to Testify

(By United Press)

Indianapolis, Ind., April 24—Postponement until next Tuesday of the hearing on a motion to release D. C. Stephenson, Earl Klenck and Earl Gentry on bail pending their trial for the death of Miss Madge Oberholtzer, appeared certain today.

The hearing was scheduled to be called Monday morning but delay in the trial of Lewis Owen, world war veteran charged with murder, may cause postponement of the bail hearing.

Judge Collins after a conference with Prosecutor Remy on the progress of the Owen trial, said the Stephenson bail hearing probably will be called Tuesday morning.

Mrs. Matilda Oberholtzer, mother of the dead girl, will be back in Indianapolis in time to testify at the hearing, members of her family said.

Mrs. Oberholtzer suffered a nervous breakdown after the funeral of her daughter and left the city to rest. Her condition is greatly improved, it was stated.

Possibility of the city of Indianapolis giving official aid to the prosecution loomed today.

Joseph Hogue, city comptroller, was investigating the legality of an appropriation by the city council to assist Prosecutor William Remy of Marion county in the fight to convict Stephenson and his two aids, Earl Klenck and Earl Gentry.

Recommendation that the city appropriate at least \$500 for the prosecution fund was made at the council meeting last night by Ben Thompson, council president.

The proposal was referred to Hogue for investigation.

"The city of Indianapolis is under a shadow until justice has been done in the Oberholtzer case," Thompson said.

"Witnesses at the coroner's inquest testified Miss Oberholtzer told them Stephenson had said he wasn't afraid of prosecution because his word was law in Indiana. That is a challenge to all law enforcement agencies that cannot go unnoticed."

Already a fund is being raised to aid the prosecution among citizens of Irvington, where Miss Oberholtzer lived.

Prosecution and defense attorneys today continued the task of carefully building up their arguments for the bail hearing in criminal court here next Monday.

### ATTENTION EAGLES

## YOU CAN'T KEEP A GOOD BIRD DOWN

## "THE NEW COED" SEATS GO ON SALE SATURDAY

Second Senior Class Play of the Year Will Be Presented Thursday and Friday Nights

### COMEDY OF COLLEGE LIFE

Seats for "The New Coed", second Rushville high school senior play of the year, which will be staged April 30 and May 1 at the Graham Annex, go on reserve Saturday morning at nine o'clock at the Pitman and Wilson drug store. Tickets are now selling, in the hands of the seniors or reserve seats can be bought at Pitman and Wilson's.

The "New Coed" is a comedy of college life, a French royalty play in four acts. About thirty-five seniors will take part. Those having speaking parts are Miriam Hinchman, Louise Pitman, Elizabeth Spanagel, Edith Clare Walden, Della Rea, Christina Bebout, Helen Locke, Burke Dugle, Donald Dean, Marland Alexander and Robert Newbold.

An ensemble group of twenty-five students will appear in Acts 2 and 3.

## AIRPLANE, MACHINE GUN ARE USED IN RUM BATTLE

One of Twelve Bootleggers Wounded, But All Escape, And Two Boats are Sunk at Atlantic City

### 167 CASES OF LIQUOR SEIZED

Atlantic City, N. J., April 24—A spectacular battle between twelve rum runners and prohibition agents in which an airplane and machine gun were used occurred in the bay end of Union Avenue, Margate City today.

One member of the rum gang was wounded and two small boats which had been used in landing liquor were sunk during the clash.

A total of 167 cases of liquor were seized. All twelve of the rum runners escaped, the victim of the machine gun bullets being carried by his companions.

Coast guardsmen, six miles away notified dry naval officials that two rum boats were unloading liquor at the Union Avenue pier. Jumping into an airplane the six officers sped to the scene. They watched the unloading of the liquor and when it had been placed aboard motor trucks attempted to capture the men.

### "Buzzard" Proves to be Eagle; Given to Lodge

Bert Osborne, living south of Rushville, saw an unusually large buzzard in his chicken pen Thursday, and after he had killed it, the buzzard turned out to be an eagle, with a spread of 6 or 7 feet. He brought the eagle to this city, and it was displayed before the Eagles lodge at their meeting last night, and an effort will be made to have it mounted and used in the Eagle home.

The bird was a bald eagle, with the head being completely bare. Some are of the opinion that the eagle was carried into this section of the state by the recent tornado from the southwest, because of the rarity of the bird in this part of Indiana.

## STORMS EXPECTED TO BREAK THE HEAT WAVE

Thunder Showers Predicted for Tonight Likely to Bring Drop in Record Temperature

### HIGHEST IN HALF CENTURY

Indianapolis, Ind., April 24—Thunderstorms late today and tonight are expected to break the heat wave throughout Indiana which carried temperatures to the highest point for April weather in more than half a century.

With a temperature of 85 degrees at noon today, indications were that a new heat record for April weather in Indianapolis this afternoon will replace the mark of 88 degrees set yesterday. Weather prophets searching through old records today found that 88 degrees had never been reached in Indianapolis before May 4.

The thermometer at the local weather bureau reached 88 degrees at 3 o'clock yesterday afternoon and hovered there for an hour.

Goshen reported 90 degrees. Temperatures in other cities ranged from 84 to 86. No heat prostrations were reported.

Throughout the day the temperature was 23 degrees above the average for this time of year. It was the hottest test April day since 1871, the weather bureau announced.

Today brought little relief from the hot wave that is sweeping this area, as 89 degrees was registered in Rush county at two o'clock this

## WASHINGTON TOWNSHIP FARMER DIES OF CANCER

John Crayton, 65, Expires Thursday Night at Home of Daughter, Mrs. Harold Reeves

### FUNERAL TO BE AT RALEIGH

John Crayton, a well known farmer of Washington township, who has lived all of his life in the vicinity of Raleigh, died Thursday evening at eight o'clock at the home of his daughter, Mrs. Harold Reeves, 726 North Morgan street.

The deceased was 65 years of age, and because of failing health he recently came here to reside with his daughter. Death was due to cancer.

He was a member of the Raleigh Christian church and was also a member of Snow Lodge, F & A. M. of Raleigh. He is survived by the widow and four children, Mrs. Reeves at whose home he died, Mrs. G. Lin Gehring of Kokomo, Glen Crayton and John Crayton, Jr., both of Chicago.

Funeral services will be held Saturday afternoon at two o'clock, at the Raleigh Christian church in charge of the Masonic lodge and the Rev. G. F. Powers, with burial in the Raleigh cemetery. The cortege will leave the residence here at one o'clock.

## PERJURED TESTIMONY USED, DEFENSE CHARGES

Sen. Wheeler's Attorney Alleges in Arguments That Government Witnesses Told Falsehoods

### MAY KNOW FATE BY TONIGHT

(By United Press)

Great Falls, Mont., April 24—A charge that the government had introduced perjured testimony against Senator Wheeler was made by J. F. O'Leary, defense counsel in argument to the jury, which is trying the Montana senator on a charge of misuse of his office.

"I am surprised that the prosecutor did not display his proper loyalty to his United States senator instead of trying to convict him on a ridiculous charge of giving testimony of perjury," O'Leary said.

Senator Wheeler may know his fate before night. Final arguments of attorneys for the defense and

## TWO VACANCIES ARE FILLED

C. M. Brown of Richmond and Jesse Murden Elected Committeemen

Indianapolis, Ind., April 24—Two vacancies in the Republican state committee were filled today following a meeting of the committee with Clyde A. Wallb, state chairman, yesterday.

Clarence Brown, Richmond, was named sixth district chairman to succeed the late George Elliott, of Newcastle.

Jesse Murden, Peru, was chosen successor to Hurd Hurst, of Peru, as eleventh district chairman. Hurst resigned to become judge of the Miami circuit court.

## WHOLESALEERS TO MAKE STOP HERE

Cincinnati Business Men Will Spend 45 Minutes Here Next Friday on Good Will Tour

### GREETINGS TO BE EXTENDED

Entertainment Features Will be Provided During Short Program, Including a Band

Wholesaleers, manufacturers and bankers of Cincinnati will visit Rushville next Friday morning while on a swing through this section of Indiana on a good will tour.

They will arrive here at 10 a. m. from Shelbyville on a Pennsylvania special train and will leave at 10:45 over the C. I. & W. for Connorsville. Greetings will be exchanged by the Rushville Boosters club and the Cincinnati visitors and entertainment features which will be carried along, will be provided at the brief informal meeting to be held on the court house steps.

A committee of Rushville citizens will be appointed to meet the special and will escort the visitors to the court house. Following the program, they will board the special at the Main street crossing of the C. I. & W.

G. W. Breil of the Cincinnati Chamber of Commerce was here today making arrangements for the stop in Rushville.

This is the fourth good will tour undertaken by Cincinnati wholesaleers and manufacturers under the auspices of the Cincinnati Chamber of Commerce during the past three years. Heretofore the tours were by rail through the Appalachian Region and the South and by boat up the Ohio River. This is the first tour undertaken by Cincinnatians in many years in the territory north of the Ohio river, and the State of Indiana was selected for the reason that Cincinnati concerns have for so many years maintained such pleasant business relations in the Indiana cities included on the good will itinerary.

The Cincinnati party will travel in a special train of nine cars including modern steel pullmans and two dining cars. The party will be accompanied by one of Cincinnati's renowned military bands, and in addition the Cincinnati Zoological Gardens are sending several representatives from its menagerie including "Balaan", the miniature donkey from India. He is reputed to be the smallest donkey in captivity, is three years old and only thirty inches high. He weighs 115 pounds. Balaan is an extremely rare specimen and attracts much attention from all those who visit the Cincinnati Zoo. He is quite gentle, and while too small to be ridden makes up the absence of utility by a large, deep voice. He becomes a great pet of all the children who see him.

Members of the party will be stocked with souvenirs and candy to be distributed among children with whom they come in contact throughout the territory.

The good will party will among other interesting features include in its party vocalists from the Cincinnati College of Music and Conservatory of Music, two of Cincinnati's leading musical educational institutions. Cincinnati's, the old Roman warrior, after whom the City of Cincinnati was named, will be impersonated in Roman toga and sandals by Horace Williamson, well known Cincinnati entertainer and producer of revues.

## FILES A SUIT TO COLLECT \$400,000

St. Louis Union Trust Co., Brings Action Against American Paper Products Co., on Mortgage

### REORGANIZATION DELAYED

Plan Ready for Agreement of all Parties Recently Held up by Objections of One Creditor

A complaint seeking to foreclose a \$400,000 mortgage was filed today in the circuit court by the St. Louis Union Trust company against the American Paper Products Company of Carthage, which is now in a receivership pending court action.

The two receivers, Ley P. Rexford of St. Louis and John A. Titts-worth of this city, were also named defendants to the action.

The complaint alleges that the banking firm, represented by the plaintiff is trustee in a certain mortgage deed of trust executed on June 1, 1922, and now held by various persons holding the bonds. The amount of the indebtedness as alleged to be involved in the trust, is \$400,000, and the complaint is seeking the foreclosure of the mortgage in order to satisfy the debt.

The affairs of the Carthage concern are involved in the Federal court of Missouri and also the local circuit court, with an attempt being made to reorganize the capital and continue the plant in operation.

A plan to reorganize was prepared recently and was agreeable to all parties concerned; it was stated, when objections were filed by one of the creditors. The hearing was delayed on this petition in the Federal court, and also in the local court, and no definite action has yet been taken. It is not known just what affect the suit filed today may have on the outcome of the proposed plan.

Judge Sparks this morning heard a divorce suit in court in which Ruth M. Sefton was plaintiff and Charles R. Sefton, defendant.

Mr. Sefton did not appear and after hearing the evidence of the plaintiff, the court granted a divorce upon payment of costs. Her former name of Ruth M. Moore was restored, and she was allowed \$25 for attorney fees in the case, against the defendant.

## WEEK OF COMMENCEMENTS COMES TO AN END TONIGHT

Last of Closing Exercises, With Exception of Carthage High School, to be Held at Manilla

### DR. ROBERT J. ALEY TO SPEAK

With the commencement exercises being held tonight at Manilla, a most successful week of graduations in Rush county closes, and only a few more schools remain open until the exercises will bring the present school term to an end.

At Manilla tonight there will be 19 Seniors receiving diplomas, and the address will be delivered by Dr. Robert J. Aley, president of Butler college.

Commencements were held at Raleigh and Milroy Thursday night, with New Salem on Wednesday, Arlington on Tuesday and Moscow on Monday, thus filling a week with many school activities.

The Richland township eighth year commencement has been decided upon for April 30 and the Rev. Gibson Wilson of this city will be the speaker.

The Carthage commencement will be held May 8 and Col. Everson of Muncie will deliver the address.

Music for the Raleigh commencement was provided by the school orchestra and there was a violin solo by Mr. Campbell and a violin duet by Mr. Campbell and Miss Janet Dean, a teacher in the school. The address was delivered by the Rev. William H. Wylie of Vincennes, formerly pastor of St. Paul's Methodist Episcopal church of Rushville. The class history was read by Frances Smith and the invocation and benediction pronounced by the Rev. Victor E. Stone. The diplomas were presented by A. B. Scales, principal.

**Buck Jones at Castle**  
A story of gold and the greed for gold is the picture which will come to the Castle theatre on Friday and Saturday. It is a William Fox production starring Buck Jones, surrounded by a capable cast including Elinor Fair, Bruce Gordon, Claude Payton, Lucien Littlefield and Alphonzo Elmer. Edmund Mortimer directed.

The scene is laid in Chance—so named, perhaps, because of the desperate chances that had been taken within its borders. There is a gold mine several miles distant, from which a wagon carries gold along a winding trail where bandits lurk.

**MINE FIRE TRAPS FOURTEEN**

**Men are Believed to be Safe at 2,000 Foot Level**

Wallace, Idaho, April 24—Fourteen men trapped in a fire in a lead and silver mine at Burke, fourteen miles north of here, were today believed by mine officials to be safe.

Communications have not been established with them up to a late hour this morning but the fact that an air pump was kept running sufficient to provide a strong draft gave basis to the belief.

The entrapped miners were believed to be in a draft at the two thousand foot level.

The fire broke out Thursday night when timber in a shaft caught fire supposedly from faulty or broken wiring. There were thirty miners in there working at the time. All but fourteen managed to escape.

prosecution of the trial of the former leader of the Washington scandals investigations, were begun with the opening of court this morning.

John L. Slattery, prosecuting attorney, demanded that Wheeler be found guilty of illegally agreeing to appear before the interior department in behalf of Gordon Campbell, his Montana oil client. Slattery contended that the prosecution has established its case by testimony of witnesses who told the jury they had heard Wheeler say he would "fix things up" in Washington.

The First and the Last—I am the first, and I am the last; and besides me there is no God. Is there a God besides me? Yes, there is no God. I know not any. Isaiah 44: 6, 5.

Prayer:—Lord, we believe that Thou hast created all things, and that in Thee all things exist, and we worship and adore Thee as the One True and Living God, beside Whom there is none else.

## Business is Good, Thank You

It is rare to find a man in business of any sort who will tell you that business is good, yet it is good, if a survey of business and industry taken by the National Association of Manufacturers is any criterion.

The summary, based on 10,000 answers to questionnaires, shows that consumers' prices are lower, price variations are less severe than a year ago, stability has supplanted hysteria and indecision, employment is on the increase for the summer, wages are high with no indication of wide reductions, production is at a healthy flow and business is at a higher volume.

Good is a relative term in any case, and especially when applied to business. What some men regard as good may be poor or indifferent to others.

There is plenty of reason for encouragement because of these reports. Business has to be good before men engaged in trade will admit it.

Prospects are especially bright in Rushville because of the large amount of building which will take place here this summer. Where men are employed, such as they will be on several major construction projects in Rushville, there is certain to be a stimulus to retail trade that will be felt in all local trade channels.

## Airfords

It may not be so many years until every well equipped American household will have its "Airford" so that the family can travel in a straight line on a joy ride instead of being bothered with annoying detours.

Then there will be a clear and unobstructed view of the landscape, with no billboards or other distractions that so ruffle the temper of the motorist.

## FOUL BREATH, SOUR STOMACH AND GAS RELIEVED BY TAKING DI-JO. DIET HELPS TO RELIEVE

Haven't you seen people after a heavy meal trying to repress the gas that arises from a stomach that can't digest the food. Gas is a warning that all is not right with the stomach. It forms from the undigested food in the stomach because the gastric juices can't take care of it. It makes a garbage can of your stomach. The breath becomes bad, the stomach sour, and taking it all in all it is not only unpleasant, but running over a course of weeks and months it becomes decidedly dangerous.

Di-Jo ordinarily removes that condition. If taken after a meal it will help to digest the food, will prevent the stomach from becoming sour, will eliminate the gas, and will sweeten the breath. It is a simple yet effective remedy. It goes right

The dream of Darius Green and his flying machine fell far short of what the Ford's expect to accomplish.

They will be "family" cars in the sense of the word that the Ford is today. They will be all metal, will have a wing spread of sixty feet, a fuselage of forty-eight feet, but their total weight is less than that of a sedan automobile.

"The capacity, or as it is technically phrased "useful load," is 2,000 pounds and there will be room for eight or ten passengers, in addition to the pilot's seat.

It is the avowed intention of the "flying king of the air" to produce these machines ultimately at the low figure made possible by quantity production.

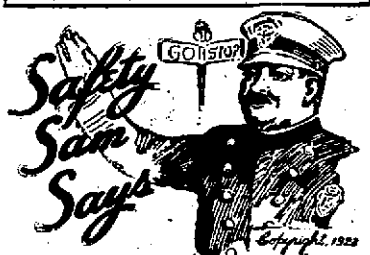

Ford now builds an automobile every eight minutes, and who is there to challenge that he can't build biplanes the same way.

Twenty years ago the man who dared to predict that automobiles would dot the country's highways as they do today, was ridiculed as a dreamer.

Today he is the richest man in America if not in the United States.

Not all dreams come true, but this one did. And who makes hold to say that in two more decades every community will not have its landing fields?

## Stewart's Washington Letter

BY CHARLES P. STEWART

NEA Service Writer

WASHINGTON—War games, like the one at Hawaii, are candy practice. But experts agree they don't prove anything. The conditions aren't war conditions and can't be made so.

If the "blue fleet" captures the Sandwich Islands, it won't prove such a fleet really can capture them. If the "blue fleet" fails, it won't prove the islands are invulnerable. Honest—to goodness shooting has to be done, if anything actually is to be demonstrated. This won't do in a war game.

FOR years the French army annually repulsed a German invasion at the Gallic war games. For years the German

army whaled the tar out of all (imaginary) comers at the Kaiser's annual war games. For years the English fleet annually destroyed the enemy in a North Sea engagement—not a bit like the Jutland battle.

SOME years ago an American fleet—theoretically a hostile one—was theoretically attacked northern Long Island, to see if it could be theoretically captured. It couldn't—so the referee decided. Early in the theoretical fight the shore defenders theoretically

sank all the enemy warships. But they kept on coming. "Hey!" signaled the shore force. "you're theoretically sunk." "The heck we are!" signaled back the fleet commander, getting landing parties overside. Thus, after being completely wiped out, the invaders captured the island.

THIS may seem funny, but in real warfare it's exactly what's liable to happen. Theoretically isn't quite sufficient. Of course in these Long Island maneuvers, the referee's decision finally stood, but in wartime it wouldn't. Sure enough fighting is different from moving pieces on a chess board.

So whatever the outcome of the Hawaiian war game may be, it doesn't do to take it too seriously.

PREDICTIONS that present immigration restrictions eventually will retard the wheels of industry, for lack of hands to keep them turning, don't worry the Labor Department. Some officials do see a possibility of a shortage in manual workers, but if it comes they say it will mean wages so high that many in the "white-collar" ranks, which are overcrowded, inevitably will be

tempted beyond resistance to change their attire for overalls. Which officials think will be a fine thing for the country.

## FIFTEEN YEARS AGO TODAY

From Daily Republican  
Monday, April 25, 1910

Articles of incorporation for the Scott-Madden Iron Works Company have been filed with the secretary of State.

An accident, that had the earmarks of one that would end seriously, happened yesterday when the large five passenger touring car, driven by Walter Duke, and motorcycle, ridden by James Foley, collided at the corner of Main and Second street. Mr. Foley was thrown from his machine but escaped uninjured.

Miss Violet Vandivier, the young daughter of Mr. and Mrs. J. F. Vandivier of Glenwood was badly scalded yesterday afternoon when she pulled a dishpan full of hot water off on her head.

That Dan Cupid has been throwing his piercing darts broadcast in the ranks of the teachers in the public schools at Manilla this year is attested by the fact that two of the teachers in the schools there have entered the ranks of newlyweds: Saturday morning the announcement of the marriage of Miss Iva Burns to Raymond D. Strode was made public for the first time.

Mrs. George Schmidt, Mrs. J. Schmidt and Mrs. Elliott of Indianapolis were the guests of Mr. and Mrs. G. H. Stallman in East Seventh street over Sunday.

Miss Lois Charles of Connersville was the guest of Mr. and Mrs. Leonard Clark in North Morgan street over Sunday.

William and John Higgs were in Clarksburg yesterday for the dedication of the new Odd Fellows building there.

Miss Edna Pfafflin of Connersville, Miss Julia Swayne and Carl Keppler and H. E. Bulla of Richmond composed an automobile party which visited here yesterday evening.

The Misses Alta Miller and Marie Schneider of Fountaintown were the guests of the Misses Mabel and Maude Smith in North Sexton street over Sunday.

Miss Florence B. Hunt, editor of the Carthage Citizen, was here today the guest of friends.

Miss Bertha Monjar returned this morning from Shelbyville where she has been the guest of Miss Belle Harrison for a few days.

Thirty ladies of the First Presbyterian church spent Saturday evening with Mrs. J. F. Cowling at the parsonage.

Miss Helen Monjar, who underwent a slight operation at the Sexton hospital several days ago, is considerably improved and was removed to her home in West Second street today.

## It Has a Coolidge Sound

(Springfield Union)

Pretty soon, we suppose, somebody will assert that it was Calvin Coolidge who first discovered the economical method of hitting two birds with one stone.

Needs Followers—and "Angels" (Toledo Blade)

Senator LaFollette is willing to head a new political party; if somebody will furnish the feet and legs.

## Rheumatism

"Yes! it's all gone."

DO NOT close your eyes and think that health, free motion and strength are gone from you forever! It is not so. You can get rid of your rheumatism by building up your blood power. It is a fact that rheumatism means "blood poverty." It is a fact with the increase of red cells in your blood, impurities are destroyed. It is a fact that S.S.S. will help Nature build these red-blood-cells! S.S.S. is one of the most powerful blood cleansers in existence. Its results in thousands of rheumatic cases have been nothing short of amazing! The medicinal ingredients of S.S.S. are purely vegetable. This is very important to remember. What can be more inspiring, more wonderful than to see the shackles of pain, released from your straggling body, swellings, lingering pains, stiffness of joints and muscles all disappear; your stomach made strong; your face pink with the old sweetheart glow, your blood enriched and your cheeks more plump as they used to be. You can do it! Take S.S.S., the great destroyer of rheumatic impurities.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

# Use Red Crown

## The High-Grade Gasoline for Power

Red Crown Gasoline demonstrates its worth preeminently when only a steady, tugging pull will bring your car through—when a lapse of power, no matter how brief, means you must send for a tow.

But, there are no lapses of power in Red Crown for it has a perfect, unbroken chain of boiling point fractions. From the initial fraction to the heavy ends of the chain, Red Crown imparts a steady steam-engine-like pressure on the piston, producing a steady rhythmic flow of sustained pulling power—tremendous power.

## Society

Miss Donnan's class in Literature will meet at the court house assembly room Saturday afternoon at 2:45 o'clock.

The Monday Circle will meet Monday afternoon at the home of Mrs. J. E. Churchill, in North Morgan street, instead of with Mrs. Green as formerly announced.

The Rushville Delphian Society will hold a meeting this evening at the social club rooms, the program to begin at 7:45 p. m. This will be a guest meeting and Mrs. Demarech Brown of Indianapolis will speak.

The wedding of Miss Irene McIntyre, daughter of Mr. and Mrs. John S. McIntyre, to Clyde Tribbett of Anderson, will take place Sunday afternoon at four o'clock at the home of the bride's parents, 705 North Morgan street.

Lurline Council, 296, degree of Pocahontas, will hold a called meeting on Monday night at 7:30 o'clock at the Red Men hall, and all members are requested to attend because of business of importance. Also all members of the degree staff are urged to meet at this time for practice.

Eighty couples were in attendance at the dance given Thursday evening at the Elks Dance Hall in East Second street. Heine's orchestra, a noted dance orchestra, furnished splendid music for the dancers, and a very pleasant evening was enjoyed by everyone present, including several out-of-town guests.

The regular stated meeting of the Rebekah lodge will be held in the I. O. O. F. hall tonight at eight o'clock. At 8:30 the April social committee has arranged an interesting program of musical selections and readings. Odd Fellows (Rebekahs and their families are invited. Members are asked to bring pie and sandwiches.

The Woman's Relief Corps and Sons of Veterans' auxiliary will present flags to the Fire Department to be used on the new pumpers, next Tuesday afternoon. The ceremony incident to the presentation will take place at the East Side of the court house at two o'clock. A short program has been arranged and the public is invited to be present.

Mrs. C. E. Walden and Mrs. George Hogsett of this city, and Miss Gleda Houghton of Connersville will give the program this evening at the Junior-Senior reception to be held at the Sandusky high school building. Mrs. Walden will sing, Mrs. Hogsett will be her accompanist and will give piano solos, and Miss Houghton will give readings and dances.

Mrs. Lou Gohring was a charming hostess Thursday evening when she entertained the members of the Industrial Club and Ladies of the G. A. R. with a miscellaneous shower honoring Mrs. Norm Conde, whose home and household goods were recently destroyed by fire. Many useful presents were given to Mrs. Conde by the members of the two clubs. Dainty refreshments were served at the close of the social evening.

### COMMUNITY HOUSE NEEDS BROUGHT OUT

Continued from Page One  
ahead for Rush county and that no one wanted the county to slip behind; that there is a distinct need for one if anyone in doubt will stop to analyze the need; also, that on the general principle, everyone is opposed to increasing taxes, but that the taxes for such a building distributed over the county would be so small as to be negligible.

"We don't want a mausoleum, but a busy, bustling, thriving place that is in use all of the time," one member of the committee said.

Attention was also called to the fact that Rushville is going to build a gymnasium ample enough to meet the needs of its high school and that a community building could not in any sense of the word be regarded as a Rushville project because the people of the county would use it ten times where the people of Rushville would use it once.

### TO PLAN FOR MEMORIAL DAY.

Attention was called today of the meeting of all patriotic organizations called for Saturday afternoon at 2:30 o'clock in the Grand Army room of the court house. Each organization is requested to have a representative present, so that plans for the annual observance of Memorial Day can be made.

### GOOD DISPOSITIONS INVALUABLE

You can't watch your disposition too carefully. A crab and a grouch are rarely successful. If your liver and stomach are in an unhealthy condition you can not have a sunny disposition because they affect the brain as well as the entire system. Mayr's Wonderful Remedy has been usually successful in such cases. Our advice to everyone troubled in this way, especially when accompanied with bloating in the stomach is to try this remedy. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. Notice to Creditors of The American Paper Products Company:

You are hereby notified that the undersigned was by order dated April 22nd, 1925, of the United States District Court of the Eastern Division of the Eastern Judicial District of the State of Missouri, in the case of the St. Maurice Paper Products Company, Limited, Plaintiff, versus, American Paper Products Company, Defendant, cause No. 6842, In Equity, appointed Special Master in place of former Special Master Vital W. Garesche, who died on April 14th, 1925, and authorized and empowered to ascertain and report to the Court a list of all the creditors secured and unsecured, together with a statement showing the names and amounts of their respective claims. Said order further directed that said Special Master is authorized and directed and empowered to investigate, hear proof and report on all claims made and filed by said claimants, both as to correctness and validity of all such accounts, debts and claims, and also as to lien and priority, if any, thereof, and that all parties having such accounts, debts and claims file their claims on account thereof with said Special Master on or before May 12, 1925, at 10:00 A. M., and in default of the presentation of such claims on or before said date, the creditors will be debarred from participating in any dividend or distribution of any assets of said American Paper Products Company that may be made by the Receivers, and that public notice be given by said Special Master, by publication, once a week for two successive weeks in some paper of general circulation, published in each of the cities of St. Louis, Missouri, and Rushville, Indiana, of the time within which said accounts, debts and claims shall be filed and also give similar notice of the time and place in the city of St. Louis, Missouri, within which all said claimants will be given the opportunity to present and make proof, before said Special Master of the accounts of their respective claims and the lien and priority, if any, thereof, and to present their objections, if any, to the allowance of claims of other creditors presented to said Special Master, which said hearings the said Special Master may adjourn from time to time, and from place to place as in his discretion he may deem proper and necessary, and that all the solicitors or record in this cause, be informed of the time and place of any of said hearings, and for the taking of said account and the discovery of the matters aforesaid, all creditors, both secured and unsecured, being ordered to produce proof of their respective claims and submit to such examination in respect thereof as the said Special Master may direct.

Said Special Master was further directed to proceed under said order with all reasonable diligence and make and file his report of accounts, debts and claims, which have been filed and presented to him and that all solicitors of record in said cause, as well as solicitors of record of the parties presenting said accounts, debts and claims be notified by the Special Master, in writing, of the filing of said report, or reports, and that any of said parties desiring to make or reserve exceptions to said report, or reports, or any part thereof, shall be required to file same as required by law and the rules of said Court.

Said Special Master hereby gives notice in accordance with said order of April 22nd, 1925, that all claims of whatsoever kind or character, mentioned in said order, must be filed with him as Special Master in his office, Boatmen's Bank Building, St. Louis, Missouri, on or before May 12, 1925, at 10:00 A. M., and in default in the presentation of said claims, pursuant to said order, and this notice, the creditors will be debarred from participating in any dividends or distribution of any assets of said American Paper Products Company that may be made by the Receivers, and you are further hereby notified that all claimants will be given an opportunity to be present and make proof before said Special Master of the accounts of their respective claims and the lien and priority, if any, thereof, and to present their objections, if any, to the allowance of claims to other creditors presented to said Special Master on April 30, 1925 at 10:00 A. M., at the office of the said Special Master in the Boatmen's Bank Building, St. Louis, Missouri, and said Special Master will continue said hearings and adjourn the same from time to time, and from place to place, as he may deem proper or necessary, until all hearings are concluded. You are expressly warned, however, that no claims will be allowed to be filed af-

## CHILDREN'S FATAL DISEASES

Worms and parasites in the intestines  
of children undermine health and so  
weaken their vitality that they are unable  
to resist the diseases so fatal to child life.  
The safe course is to give a few doses of

## GIVEN—

### 10-Piece Cutlery Set

This is Hoosier's high-grade do-  
mestic science cutlery set which  
regularly sells at \$4.00. You get it  
with your Hoosier Highboy.

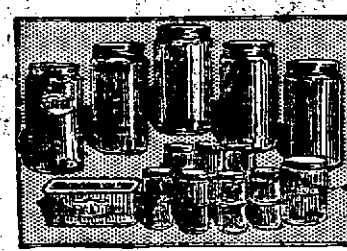

## GIVEN—

### Hoosier Mount Vernon Dinner Set

During this sale you receive with your Hoosier this  
beautiful Mount Vernon Dinner Set. It is attractive  
enough to grace any table. It is a set you will be proud  
to own.

## GIVEN—

### 14-Pc. Glassware Set

Fourteen useful glass containers  
for coffee, spices, etc. They come  
as regular equipment with your  
Hoosier Highboy at no extra cost.

*If you hurry you get  
all this with your  
HOOSIER*

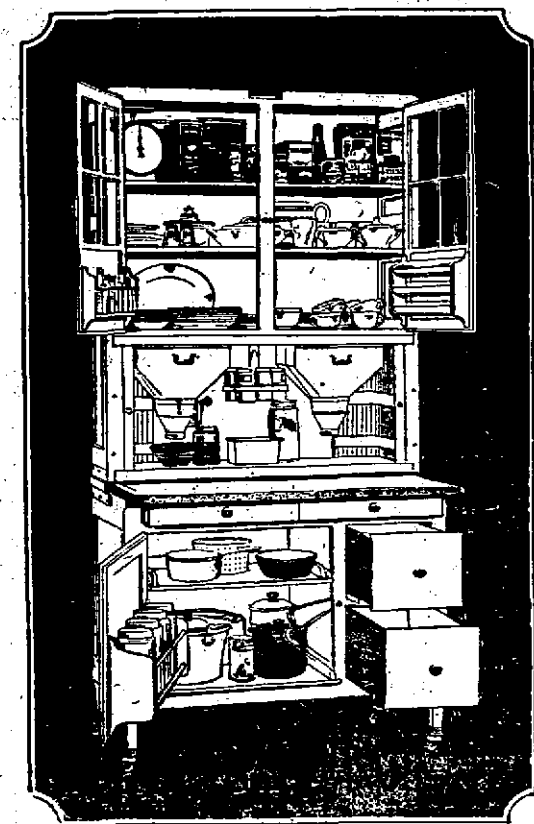

## A Few Cabinets Left-- Order Yours Now!

You can still take advantage of our remarkable  
one-week Hoosier offer. By paying only a dollar  
down you get your Highboy or Hoosier Beauty—  
and with it, at no extra cost, the beautiful set of  
dishes and the cutlery and glassware.

Remember, you pay nothing extra—no interest,  
no added cost of any kind. The Hoosier comes to  
you for the regular price.

But you must act immediately. We had only  
a limited number of Hoosiers for this occasion.  
Most of these cabinets are already sold. When the  
entire allotment is gone the offer ends.

This is the greatest opportunity you have ever  
had to own a Hoosier—the finest kitchen cabinet in  
the world. It will pay you to grasp it—before it is  
too late. If you ever expect to own a Hoosier, buy  
it now. If you can't come to the store, just phone  
and we will reserve you Highboy or Hoosier Beauty  
and the three gift sets for you.
